## Education

Flatiron School - Software Engineering/FullStack Web Developer, 2021  
New York College of Podiatric Medicine - Doctor of Podiatric Medicine, 2015  
Southern Illinois University Edwardsville - Bachelor of Science in Biology 2010

## Experience

Centerrock Podiatry - West Nyack NY  
Associate Physician - 2018-2020

Foot and Ankle Surgeon in a large practice with multiple hospital coverage with Emergency Call. Regularly performed reconstructive foot and ankle surgery, trauma surgery, wound care surgery, and diabetic care. Worked closely with internists, vascular surgeons, and infectious disease specialists to provide comprehensive patient care.

Foot and Ankle Residency - Hoboken NJ  
Resident Physician - 2015-2018

Completed residency training with heavy emphasis on large reconstructive surgery, trauma and wound care surgery. Worked under the guidance of experienced surgeons and mentored younger residents in the program. Completed with ABFAS Qualification.

## Technical Skills (highest skill to lowest)

FrontEnd  
React.Js; HTML/CS; Javascript; SwiftUI; React Native  
Backend  
Ruby on Rails; Ruby; SQL; Sanity.io(headless CMS); Django;  
GitHub, Python,

## Projects

Coffee Time ([github.com/acnowland/Coffee-Time-FE](https://github.com/acnowland/Coffee-Time-FE); [github.com/acnowland/Coffee-Time-BE](https://github.com/acnowland/Coffee-Time-BE))

A meetup tool for internal use at Flatiron school that allows students to connect with each other by requesting coffee breaks. Coffee breaks can be tracked on the users profile and students can reach out directly with slack integration.

Created the app including a fully functional Ruby on Rails backend with authorization using JWT Authentication and B-Crypt. Front End designed utilizing Vanilla JS, HTML and CSS.

Final Project? Swift App?

## Interests

Climbing, computer gaming, guitar, boardgaming, hiking
